

TRUEATS

An ATS Specially Built for Recruitment Firms

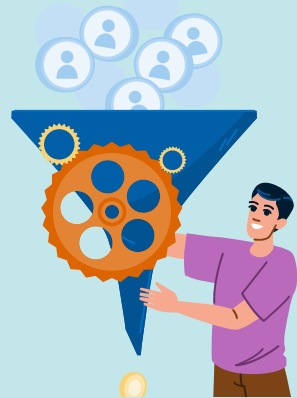

CRM

Hiring

Billing

Challenges faced by consulting Firms

No Lead Management

No TAT Calculaton

No Internal Database

Irrelevant Resumes

Manual Reporting

Why Existing ATS Do Not Work ?

Most ATS platforms are designed keeping corporate HR teams in mind, not recruitment agencies that work on speed, volume, and multiple clients. As a result, these systems fail to match real recruiter workflows and day-to-day usage patterns.

**Built for
corporate**

**Too
complex**

**Poor
adoption**

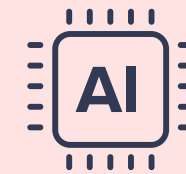

TrueATS Product Features

TrueATS is built specifically to simplify and speed up agency hiring by aligning software workflows with how recruitment teams actually work on the ground, from sourcing to closure.
