Challenges faced by growing companies

Growth brings complexity. Here are the biggest HR challenges we help solve.

01

Slow Hiring

Manual hiring processes lead to delays and lost top talent.

02

High Attrition

Lack of engagement and growth opportunities drives employees away.

03

No Clear KRA/KPI

Unclear goals and metrics make it hard to measure performance.

04

Payroll Errors

Complex calculations and manual data entry cause costly errors.

05

Process Chaos

Disconnected systems and manual workflows create confusion and delays.

Traditional Solution (Building In House Team)

- Hire a Recruitment Executive to source candidates
- Purchase subscriptions of job portals for resume access
- Hire an HR Head or Manager to design HR policies, KRAs, KPIs
- Manage payroll, attendance, Documentation and queries manually

01

Recruitment Executive

Hire a Recruitment Executive to source candidates.

02

Job Portal

Purchase subscriptions of job portals for resume access.

03

HR Head or HR Manager

Hire an HR Head or Manager to design HR policies, KRAs, KPIs.

04

Manual Management

Manage payroll, attendance, Documentation and queries manually.

Time-Consuming | Costly | Prone to Errors | Difficult to Scale
